Subject: Utility Services

Not wanting to reinvent the wheel, Rep. Norman explained the situation very well in his response. I only want to add that we are all working toward a solution and the City of Tega Cay has been very open to any and all remedies. Our State Senators have held numerous meetings and have worked tirelessly to resolve this. I know this is not an answer to your concerns; however, I am very sincere in that we are in this battle with you. Together with the experience of the senior delegation this situation has our attention. Thank you for including me in the discussion.
